

Practice BCQs

Q1) Which of the following is not a membrane-bound organelle?

- a) Golgi apparatus
- b) Mitochondrion
- c) Ribosome
- d) Rough endoplasmic reticulum
- e) Smooth endoplasmic reticulum

Q2) Which organelle is known as 'Power House' of the cell?

- a) Golgi apparatus
- b) Lysosome
- c) Mitochondria
- d) Ribosome
- e) Rough endoplasmic reticulum

Q3) Stratified squamous keratinized epithelium is found in the:

- a) Conjunctiva of eye
- b) Epidermis of skin
- c) Oesophagus
- d) Stomach
- e) Ureter

Q4) Which of the following is an example of branched simple tubular gland?

- a) Mammary gland
- b) Parotid gland
- c) Principal glands of stomach
- d) Sebaceous glands
- e) Sweat glands

Q5) Which type of connective tissue cells store fat?

- a) Adipocyte
- b) Fibroblast
- c) Histocyte
- d) Mast cell
- e) Plasma cell

Q6) Fibrocartilage is found in the:

- a) Fetal skeleton

- b) Intervertebral disc
- c) Nasal cartilage
- d) Pinna
- e) Trachea

Q7) A plane passing through the center of the body dividing it into equal right and left halves is called:

- a) Coronal plane
- b) Median plane
- c) Sagittal plane
- d) Oblique plane
- e) Transverse pane

Q8) The shoulder joint is an example of:

- a) Ball & socket joint
- b) Ellipsoid joint
- c) Hinge joint
- d) Pivot joint
- e) Saddle joint

Q9) Humerus is a:

- a) Flat bone
- b) Irregular bone
- c) Modified long bone
- d) Sesamoid bone
- e) Typical long bone

Q10) Select the correct order of structures representing the steps of formation of the notochord:

- a) Notochordal canal, notochordal plate, notochordal process, definitive notochord
- b) Notochordal plate, notochordal canal, definitive notochord
- c) Notochordal plate, notochordal process, notochordal canal, definitive notochord
- d) Notochordal process, notochordal canal, notochordal plate, definitive notochord
- f) Notochordal process, notochordal canal, definitive notochord

Q11) Which of the following is a derivative of ectoderm?

- a) Blood vessels
- b) C-cells of thyroid gland
- c) Central nervous system

- d) Epithelial lining of the respiratory tract
- e) Epithelial lining of the urinary bladder
